

**REMARKS**

In response to the Office Action mailed June 3, 2005, Applicant respectfully requests reconsideration.

As a preliminary matter, Applicant notes with appreciation the allowance of claims 10-26 and the indication of allowability of claims 1-3.

**Objections to the Specification**

On page 2, paragraph 2, the Office Action objected to the specification because the patent application cited on page 1, lines 22-23 must be identified by its Serial Number, filing date, and Patent Number. This has been done.

On page 2, paragraph 3, the Office Action objected to the specification because "window 102" (page 5, line 6) should read "the window". This has been done.

On page 2, paragraph 4, the Office Action objected to the specification because "silicon oxide layer 105" (page 5, line 17) should read, "P-type silicon layer 105". This has been done.

**Objections to the Claims**

On page 2, paragraph 5, the Office Action has indicated that claim 1 is objected to because "an N-type doped polysilicon layer" (penultimate line) should read, a P-type doped polysilicon layer". Claim 1 has been amended as suggested by the Examiner. Accordingly, Applicant respectfully requests that the rejection of claim 1 be withdrawn.

Claims 2 and 3 depend on independent claim 1 and were similarly objected to. Claim 1 has been amended as suggested by the Examiner therefore the similar objection to dependent claims 2 and 3 is now moot. Accordingly, withdrawal of this objection is respectfully requested.

In view of these amendments and remarks, Applicant believes that claims 1-3 and 10-26 should now be in allowable condition.

**CONCLUSION**

A Notice of Allowance is respectfully requested. The Examiner is requested to call the undersigned at the telephone number listed below if this communication does not place the case in condition for allowance.

If this response is not considered timely filed and if a request for an extension of time is otherwise absent, Applicant hereby requests any necessary extension of time. If there is a fee occasioned by this response, including an extension fee, that is not covered by an enclosed check, please charge any deficiency to Deposit Account No. 23/2825.
